IWF-Branches & Representatives.

IWF members, within various countries, may like to establish themselves as National Representative, otherwise known as IWF-Branches. IWF-Branches are able to assist (although not 'govern or control') local member-groups, etc. Representatives may be able to assist with the benefit of support to non-Wado groups to help in their Wado conversion, organise local competitions, regional courses, and gradings, etc. Due to the complexities of the differing Wadoryu systems, such as the so-called Wadokai, Wado Renmei, Wadoryu, etc., it would be very bias to have just ONE IWF-Branch per country; as this could also lead to 'negative politics' and 'control issues' between practicing Wado organisations claiming 'authenticity'. The IWF encourages cooperation, unity and harmony between all member-groups. There will be no charges, fees or extra conditions related to membership of the designated branch.

NB: IWF-Branches must have an elected committee to function as a fair and democratic entity. IWF Wado Groups and Clubs in the region may join an IWF National Branch, if they wish to do so. Important: There is no obligation to be part of any IWF-Branch.

IWF-Branches/National Representatives *should* be well-versed fully in traditional **Wado Karate Membership Criteria** to offer aid and support to developing groups/associations within their own district and/or country, etc.

Any established IWF Member Group may apply to the IWF-HQ as 'Representatives'. These IWF-Branches are primarily designed and designated as 'contact points' and 'representatives' for all IWF memberships within that area or host country. However, these Branches **are not 'Controlling Governing Bodies'** and would/should not take away the rights & privileges of those who wish to affiliate direct to the IWF; they merely act as local 'Representatives' for the IWF.

IWF members are not required to join Representative IWF-Branches, unless they choose to do so or they are, *or required to be*, under the 'protective technical guidance' of an IWF-Branch. IWF-Branches must have an elected infrastructure/committee to help run the affairs and advise members within their membership.

NB: IWF-Branches that are found to be 'controlling' other groups will be instantly disbanded. Groups in membership attempting to control other independent & autonomous groups within IWF membership may also risk being expelled from IWF membership.

Affiliation Insurance

TERMS OF AFFILIATION INSURANCE: British Wado Federation Club Affiliation Insurances extends only to clubs who are affiliated to the British Wado Federation and have official registered BWF Licenced Members and Instructors (instructors must possess valid Instructor Certification, CRB, Instructors Insurances, and 1st Aid Certification).

British Wado Federation Clubs are not insured to have non-BWF Instructors teaching at their Dojo, unless the visiting instructor is fully insured to do so. Also, Club Insurance does not extend cover for training with bladed weapons or kick-boxing.
